Beaded Mask Chain

Kit contains:

- Wooden beads
- 1 Coil of nylon string
- 2 Lanyard hooks
- 1 Wire needle

Note: If you have a metal needle at home, you may wish to use it instead of the wire needle provided.

MORTON GROVE PUBLIC LIBRARY
6140 Lincoln Avenue, Morton Grove, IL 60053
Youth Info Desk: 847-929-5102 | mgpl.org

INSTRUCTIONS

Step 1. Tie a lanyard hook to one end of the nylon string. Use a DOUBLE or even TRIPLE knot. Tie your needle to other end.

Step 2. Add beads until you have reached your desired chain length.

Step 3. Remove the needle and tie on the other lanyard hook. Again, use a DOUBLE or even TRIPLE knot.

To use your mask chain: Clip the lanyard hooks to your face mask. When you need to take off your mask, it can now hang around your neck until it's time to wear again.

FACE MASKS SHOW YOU CARE

When a person with COVID-19 does regular everyday things like talk, sneeze, yodel, or sing, tiny respiratory droplets that contain virus particles **aerosolize** or get suspended in the air. (This happens even if the person doesn't know they have COVID-19!) Other people can breathe in these virus particles and get sick. Wearing a face mask traps most of these particles and keeps the people we care about safe.
